

West Point Military Academy Cadet Chapel

Consultant: Bose Corporation
Installation: ALTEL Systems, Inc.

OVERVIEW

West Point's role in our nation's history dates back to the Revolutionary War, when both sides realized the strategic importance of the commanding plateau on the west bank of the Hudson River. General George Washington considered West Point to be the most important strategic position in America. Founded in 1802 as a federally supported officer and military training academy West Point produced some of history's most notable military and political leaders. Today, West Point's role is to educate, train, and inspire the Corps of Cadets so that each graduate is a commissioned leader of character committed to the values of Duty, Honor and Country.

Major Equipment

Bose
BSS Audio
Yamaha

INSTALLATION NOTES

As a Bose certified systems designer / installer, ALTEL Systems, Inc. was selected to implement a sound system design which utilized the Bose Modeler® Design Program and Auditor® Aurilization System. These revolutionary design tools allowed ALTEL to evaluate the overall system design and proceed with the installation. Three key elements in any ALTEL Systems installation are efficiency, ease of use and esthetics. In the case of the Cadet Chapel the system had to be heard, but wherever possible not seen. Upon completion, both the Bose design team and the West Point officials praised ALTEL for an outstanding sonic accomplishment.
